DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This two and one half story brick house has a hip roof of slate with plain and imbricated shingles. The house is basically a symmetrical rectangular block with a wing added on to the rear. There are four hip roofed dormers on the front, each with a double window. The front is four bays long. The windows have interior as well as exterior shutters, and there is a segmental arch above each window. A one story porch across the front is supported by Doric columns and has a plain ballustrade. The porch is rotting, however, on the south end and is badly in need of repair. The paneled front door has flanking sidelights and a transom.

SPECIFIC DATES

BUILDER/ARCHITECT

STATEMENT OF SIGNIFICANCE

This is an example of turn of the century vernacular architecture. It is compatible with the neighboring large 19th and early 20th century houses, many of which are architecturally significant.

The Shaw House, 21 State Circle
Annapolis, Maryland 21401
(301) 267-1438

316 Mill Street

This house was built in 1911 by John W. Fletcher (1848-1919), who served as sheriff and Register of Wills for the County. He purchased the land from the estate of William H. Barton, Jr. in 1909. The building is an example of the turn of the century vernacular architecture that is in keeping with the character of Mill Street, which contains a preponderance of houses from the period 1890-1914. The house remained in the Fletcher family until 1928 and has had several owners since then.
